Monster Pageant

Monster Pageant can be installed as a Class II Bingo Game or Class III Slot Machine. In Class II, two or more players may be required for the game to start. To enter a game, press "Spin." Interim prizes are paid for matching the pre-designated Patterns in the Prize Schedule within 24 balls. Some of the pre-designated Patterns will award the player with one or more additional free Bingo cards. The Bingo game ends when a player covers all 25 numbers on their Bingo card. This Game Ending Pattern is called a Coverall. The Coverall Pattern pays a prize of 1 cent. Any time after the interim prizes are awarded in an ongoing Bingo game, the player may choose to purchase a new Bingo card by pressing "Spin." The new Bingo card will catch up with the game in progress. The player may continue to purchase additional Bingo cards in the same manner, until the game is completed. When a newer card for the same game has been purchased, any previous card forfeits its chance to win the Coverall. The Class II version of Monster Pageant also has an entertaining display of the results of each Bingo card using a 5 reel, 25 line display that incorporates Free Spins, Re-triggered Free Spins and Bonus features. Actual prizes are determined by Bingo play and other displays are for entertainment only.

Class II or III Entertaining Display Description:

The "Monster Pageant" symbol is wild and substitutes for all symbols except for Scatters. All wins pay from left to right on adjacent reels except for Scatters. Only the highest line win is paid. Line wins are multiplied by the credits bet per line.

Class II or III Monster Pageant Free Spins:

The Free Spin feature is initiated when three Tombstone "Scatter" symbols appear in any position on reels 2, 3, and 4 in the display. Three Tombstone "Scatter" symbols trigger 10 Free Spins. Once Free Spin Bonus round has been won, the player can choose 1 of the 3 Free Spin games. Each game will have different Wild features during Free Spin.

Class II or III Monster Pageant Bonus Games:

The Pick Bonus feature "Pumpkin Match Bonus" is initiated when three Pumpkins land in any position on reels 1, 3 and 5.
